

## California trucking has its own PAC.

Here's why you need to be involved.

Political Action Committees - or PACs - raise funds to support candidates and issues to fight for aligned interests.

The **Concerned Americans for Responsible Government Political Action Committee (CARGO PAC)** has been educating legislators about the trucking industry since 1972.

Through these efforts, CARGO PAC supports candidates and issues that advance the interests of the trucking industry to build a better business climate.

It costs money to educate policymakers and build relationships to shape our public policy. Your CARGO PAC donation helps secure a seat at the table and ensures your voice gets heard.

With more than a thousand PACs raising millions of dollars in California there are LOTS of competing interests in Sacramento. Your support helps us cut through the noise and distraction to provide input that directly impacts our businesses.

To get involved with CARGO PAC, please contact **Nick Chiappe** at **[nchiappe@caltrux.org](mailto:nchiappe@caltrux.org)**.

Contributions to CARGO PAC are not tax deductible for federal or California tax purposes. California state PACs may accept a maximum of \$9,800 per contributor, per calendar year for candidate support purposes. Corporate contributions may be accepted and will be used for California elections only. Contributors of \$10,000 or more to CARGO PAC and all other California state or local candidates, PACs, political party committees or ballot measures in a calendar year must file a California "Major Donor Committee" Report as required by law. Membership is valid upon receipt of your contribution. Contributions are non-refundable. Contributions are not deductible as charitable contributions for income tax purposes but may be deducted under other IRS codes. Consult your tax advisor.
