

12/1/25

CARB Virtual Public Workshop on Drive Forward Heavy-Duty Vehicle Standards and Strategies

The California Air Resources Board (CARB) invites you to participate in a public workshop led by CARB program staff to discuss **potential rulemakings and other strategies to reduce medium- and heavy-duty vehicle emissions in California**. All interested parties should attend.

Date: Wednesday, December 3, 2025
Time: 9:30 a.m. – 12:30 p.m. (Pacific Time)
Location: [Virtual Zoom Webinar](#)
CalEPA Headquarters
[Agenda](#)
[Presentation](#)

Background

In response to federal deregulation, Governor Gavin Newsom issued [Executive Order N-27-25](#) directing state agencies to assess additional actions for increasing ZEV adoption and to issue recommendations within 60 days. CARB hosted workshops across the state gathering input from the public and stakeholders prior to releasing their recommendations.

This workshop will build upon previous public input and **review proposed concepts for future heavy-duty truck regulatory rulemakings** to support their emission reduction goals.
